

## PRODUCT INFO

# PRO-CAST® MAGNETIC TORPEDO LEVEL

## SWTL035M

### DESCRIPTION

The Swanson Pro-Cast® Magnetic Torpedo Level is an exceptionally durable tool, thanks to its high-grade cast aluminum construction. Its strength is further enhanced by four rare earth magnets, ensuring a powerful grip on metal surfaces. Precision is guaranteed with its milled working surface, providing accurate measurements. The level's reliability is upheld by the inclusion of heavy-duty acrylic block vials, which are accurate to an impressive 0.029°. To top it off, the level boasts a thermally bonded high-visibility powder coat finish, ensuring easy visibility even in challenging working conditions. With these outstanding features, the Swanson Pro-Cast® Magnetic Torpedo Level is a reliable and indispensable companion for any professional or DIY enthusiast.
