PLASTIC PIPE CUTTER

ZE5042-1

DESCRIPTION

Introducing the “Raptor” Plastic Pipe Cutter, your ultimate solution for effortlessly slicing through a range of plastic and multilayer pipes including PE, PP, PB, PEX, PPR, MLP/MSR, VPE, CPVC, PVC, and PVDF. Crafted with a magnesium body, this tool boasts unparalleled durability while remaining remarkably lightweight. Its specialized INOX blade, coated with PTFE, ensures smooth and easy cuts every time. With its innovative design, cutting becomes a breeze, requiring minimal effort thanks to the progressive advancement of the blade, complemented by automatic retraction to prevent damage and ensure user safety. Plus, the ICS enables instant blade changes without the need for additional tools, making it the ultimate companion for any pipe cutting task.

FEATURES

- Ideal for plastic and multilayer pipes.
- Robust, lightweight magnesium body.
- INOX blade with PTFE coating for smoother and easier cutting.
- Blade retracts back into the body to prevent damage & injury
- Tool-free blade changes for ultimate convenience.
- Rubber grip for a secure and comfortable grip.

USE WITH

ZE5002-1 Replacement Blade
