

PRODUCT INFO

ADJUSTABLE COUNTERSINKS

DESCRIPTION

The GFB Adjustable Drill Bit & Countersink features a Quick Change 1/4" Hex Shank for seamless bit swaps. It includes an Allen Key for easy adjustment of the pilot drill. Equipped with a heavy-duty HSS screw bit, it's ideal for use on plasterboard, MDF, softwood, pine, and hardwood. This tool efficiently drills a screw pilot hole and countersinks in one action, making it perfect for both trade professionals and home handymen.
