E-Z HOLD BAR CLAMPS

MEDIUM-DUTY

DESCRIPTION

“Look, Ma! One hand!” Introducing the innovative Jorgensen E-Z HOLD Medium-duty bar clamps that offer effortless clamping with just one hand. These versatile clamps can also be transformed into spreader clamps for added convenience. With a contoured comfort grip and a quick-release lever, achieving a secure hold is a breeze. What sets these clamps apart is their exclusive patented feature, allowing you to connect two clamps together, effectively doubling the opening capacity compared to a single clamp. The deep-reach pads ensure optimal protection for your workpiece, making these clamps a must-have for any project.
