

PRODUCT INFO

SLOTTED DRIVER BITS

DESCRIPTION

The GFB Slotted Screwdriver Bits are meticulously crafted for tradesmen and professionals, ensuring precision and durability. Manufactured from high-quality steel and tempered twice under intense heat, these Industrial Tough bits are exceptionally strong and long-lasting. Their magnetic feature enhances ease of use, securely gripping screws during intricate tasks. Designed to fit slotted screws, these bits securely engage with the slots, facilitating precise torque application and preventing slippage, making them essential for accurate and efficient screwdriving tasks.

FEATURES

- Precision designed with tradesman and professionals in mind.
- High-quality steel construction ensures durability.
- Tempered twice under intense heat for exceptional strength.
- Industrial Tough design for longevity and reliability.
- Magnetic feature aids in secure screw handling.
- Designed for slotted screws, ensuring precise torque application without slippage.
