

PRODUCT INFO

DOUBLE END DRIVER BITS

DESCRIPTION

The GFB Screwdriver Bits are meticulously crafted for tradesmen and professionals, ensuring precision and durability. Manufactured from high-quality steel and tempered twice under intense heat, these Industrial Tough bits are exceptionally strong and long-lasting. Their magnetic feature enhances ease of use, securely gripping screws during intricate tasks. Double-ended design extends bit life, offering twice the usage.

SQUARE RECESS

Their square drive design ensures a secure fit and reduces slipping, ideal for heavy-duty industrial applications.

PHILLIPS

Cross-shaped indentation improves torque, reduces slipping, & efficiently drives screws into various materials.

POZIDRIV

The Pozidriv design minimizes cam-out and maximizes torque transfer, ensuring secure and reliable fastening of screws.
