STRAIGHT JAW TONGUE & GROOVE PLIERS SET

CHGS-1SA

DESCRIPTION

The Channellock Straight Jaw Tongue & Groove Pliers with Screwdriver Set offers reliable performance and durability. Made in the USA from high carbon steel, the pliers are specially coated for rust prevention and feature a patented Permalock fastener that eliminates nut and bolt failure. With laser-hardened, 90-degree teeth, they deliver superior grip and longevity, while the undercut tongue and groove design ensures they won't slip during use. The set also includes a versatile 2-in-1 acetate screwdriver. Ergonomically designed with Channellock's signature blue grips, this tool combo is built for comfort and strength in tough tasks.
