ELECTRONIC WATER LEVEL 25

ZN-WL25

Electronic Water Level with a 25-Foot Hose

Now one person can quickly and easily locate precise level over long distances, even out of sight and around corners up to 100 feet (30 m) away with additional hose. We updated traditional water levels with modern electronics to ensure a new grade of accuracy. The WL 25 streamlines difficult layout tasks into simple one-man operations. While you may have a good eye, precision can't be approximated. Use the WL 25 electronic water level to install decks, fences, chair rail, drop ceilings, and more.

FEATURES

- Allows one person to accurately level around corners and out of sight of the electronic control unit
- A consistent, high degree of accuracy regardless of distance from electronic unit
- Sound from the loud (95 db), continuous signal indicates level, even at long distances
- A loud pulsed tone sounds when above level
- Unit blinks and beeps to remind users that unit is on to prevent forgetting to turn it off—a true battery saver
- 25-foot hose included
- Additional hose available, sold separately

BARCODE:	042186334302
UNIT DIMENSIONS:	161mm x 93mm x 35mm
HOSE DIMENSIONS:	8mm diameter, 7.6m length
WEIGHT:	502.5g (with hose)
BATTERY TYPE:	9V alkaline (not included)
POSITION ACCURACY:	Typically within 2mm
OPERATING TEMP:	-7° to 41°C
STORAGE TEMP:	-29° to 66°C
HUMIDITY:	5 - 90% RH (non-condensing)
WATER RESISTANCE:	Splash proof, not waterproof.
