# HEAVY-DUTY MASTIC GUN

## FAIMGHD

### DESCRIPTION

The Faithfull Heavy-Duty Mastic Gun is a testament to its unwavering commitment to durability and user convenience. Crafted from robust, heavy-gauge steel, this mastic gun is designed for superior performance and longevity. Its ergonomically ribbed finger grips on the generously sized handle offer 360-degree comfort during operation. The gun boasts a remarkable double-spring ratchet mechanism, ensuring precise sealant feed with each trigger pull and an instant return upon release. To maintain optimal functionality, a practical nozzle cleaning pin is thoughtfully integrated into the handle. This trusty tool can accommodate cartridges up to 425ml, with a substantial barrel length of 285mm, and boasts an impressive 10:1 thrust ratio, making it an indispensable asset for any heavy-duty sealant application.
