

PRODUCT INFO

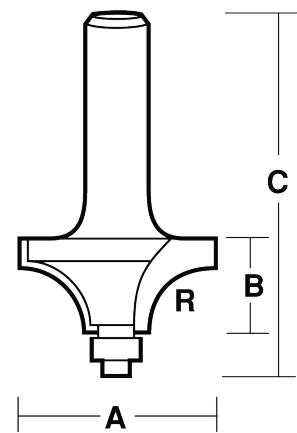

BEADING ROUTER BITS WITH BALL BEARING

DESCRIPTION

The Econocut Beading Bit with Ball Bearing Guide is a versatile tool designed for various woodworking tasks. It excels in edging and shaping drop-leaf table joints, ensuring precise and smooth results. Additionally, it is ideal for grooving panel designs on wood surfaces like cupboard doors. The bit features a ball bearing guide that enhances accuracy and control during operation. With its two-flute design, it delivers a smoother cutting action, while the carbide-tipped construction ensures long-lasting sharpness, superior finish, and cleaner cuts. For the handyman and DIY enthusiasts.
